**Integrated Master of Computer Applications**
*SCMS COCHIN*
2019 - 2024

**Higher Secondry**
*St. Teresas HSS*
2017 - 2019

**HIgh School**
*St. Teresas HSS*
2017

## LANGUAGES

- English (Fluent)
- Malayalam (Native)
- Hindi (Intermediate)

## WORK EXPERIENCE

**Software Developer Intern**                APRIL 2024– SEPTEMBER 2024
ULTS

- Worked on .NET-based application development and legacy system migration.
- Assisted in migrating existing applications from older frameworks to updated .NET architectures.
- Contributed to team discussions, and managed version control using Git.
- Collaborated with team members on backend API development.

## PROJECTS

**SwiftNest**                                Node.js, Express, MongoDB

- Built a full-stack campsite exploration platform.
- Integrated OpenCage API for geocoding location-based data.
- Secured app using sanitize-html and express-mongo-sanitize.

**ToDos**                                    Java, SpringBoot, ReactJS, MySQL

- Designed and developed a full-stack To-Do application using Java and Spring Boot for the backend.
- Built a responsive user interface with ReactJS, ensuring a smooth and interactive user experience.

**Echo**                                     Flask, PostgreSQL

- Developed a minimalist blog platform using Python.
- Used SQLAlchemy for ORM and PostgreSQL for data persistence.
- Integrated CKEditor for rich text content creation.

## SKILLS

**Languages** : Java, JavaScript, SQL, HTML/CSS, .NET
